

## The future is bright.

Despite the current situation and worldwide affect that COVID19 has made on students in the job market, things are certainly looking up as there are more and more companies hiring and opportunities arising.

### USA

- Students who have already been issued a J1 visa are allowed to fly into US to commence their J1 program. No new visas will be issued until official communication from US embassy

### Europe

- Switzerland - As isolation ban is lifted; more hotels, restaurants and companies are hiring interns for second half of 2020 including UBS & Credit Suisse
- Spain - Hotel Arts to reopen and hire interns from October 2020
- Netherlands - Marriott, Movenpick & Andaz hotels are actively looking for interns to fill future positions

### Asia

- Large corporations such as Prada, Chanel, Dior and many others are opening the doors to their headquarters throughout China to interns for back office opportunities
- Hotels are reopening and hiring in mainland China & Taiwan for Operations, F&B and back office positions

Companies such as Lamborghini, L'oréal, Huawei and many more are hosting/ participating in online virtual career fairs in order to meet and hire potential candidates for future positions worldwide.

An increasing number of opportunities are becoming available from online platforms via HOSCO, GraduateLand, Indeed, LinkedIn and many more....
